while striking out 28 batters in 41 innings pitched.

"He steadily improved every year," Harrison said. "He got better every single year. He worked hard at it. This year he really came into his own. As a junior he hit .400, but I never thought coming into the year

that he would have 46 hits with six home runs. We play on a pretty fair field here, so to get them out of here you have to hit it. Just the way he worked to get where he was I was very impressed with."
